

## PM428

### LCD PANELMETER MODULE

- 3 1/2 digits LCD, max. reading 1999
- Guaranteed zero reading for 0V input
- High input impedance
- Overload protection
- Auto polarity & overrange indication
- Safety as per IEC 1010 Cat. II 600V

#### Technical specifications

Maximum input: 200mV

Measuring range:

200m/2/20/200/500V, set by jumper

Accuracy:  $\pm 0.5\%$  (for 200mV range)

Measuring type: dual slope integration  
A/D converter

Input impedance: 100M

Sampling rate: 2~3 times/sec.

Supply voltage: 8-12V DC

Dimensions: 68x44x28mm

REF: 01P428X000

✓ CE (EMC), UL, CE (LVD)

**Sinometer**
