

Key Specifications/Special Features:

- Test with UTP and STP cable
- Check continuity and configuration of wiring
- With unshielded and shielded modular plugs
- Test for open circuits, shorts, reversals and split pairs
- Shield detection tests a cable's shield integrity
- Base-T and token ring configurations
- Special switch for select symmetric configurations or non-symmetric cable use for connecting 2 PCs
- Debug quickly identifies which cable pairs have a specific wiring fault
- Dimensions: 8.3 x 5.1 x 3.2cm
- Weight: 100g
